ARUN PEROOLI

FOUNDER & CEO - MUSEON

Entrepreneur of 15+ years, started 3+ startups, mentored, contributed during crises, tech solutions for rural and urban issues, global betterment vision.

With a keen focus on innovation, I have navigated the dynamic landscape of startups, contributing to transformative solutions. My commitment to societal impact is evident in the thoughtful application of technology to address diverse challenges. Throughout my journey, I have cultivated a deep understanding of the intricate interplay between technology and societal needs.

This multifaceted approach has not only propelled my ventures but also enabled me to mentor others and collaborate on impactful projects during critical times, such as the Nipah outbreak, Kerala floods, and the ongoing global pandemic including COVID-19.

In an ever-evolving technological landscape, I remain at the forefront, striving to make meaningful contributions towards my vision of fostering a better world for all.

THE ECONOMICS TIME YOUNG LEADER AWARD -2018

THE ECONOMIC TIMES

YOUNG LEADERS

THE TECHIE EXPERT

Arun Perooli
CEO & Founder, Qkopy
MuseON Communications

Leadership style
Leadership is not about a title or a designation for me, I also involve in discussions with every one whom I feel worth it. I believe transparency in action and communication will make an impact, influence and inspire my team mates and customers as well.

Handling challenges
Challenges in work is not a new thing. Moving with positive thinkers, discussing with my team and well-wishers, trying to get feedback, re-thinking and re-analysing help in overcoming hurdles at work. I use to recall things before coming to a final decision. It is not where you are that matters, but where you're going.

Success mantra
I am very passionate about my work. A proper understanding of what I do and willingness to chase my passion define success for me. I change plans, not my goal.

The balancing act
I figure out what my priorities are and schedule things accordingly. I look forward to each day, take support from everyone else involved in my life for a better work-life balance.

The inspiration
Many people have inspired me, but my father is the right mentor at all times. The experience and life lessons he shares with me lead me forward. People who started off with nothing and have made a lasting contribution towards creating a better world and a positive difference to other people's lives, have also been an inspiration.

To the youngsters
Super confirm your goal. Focus only on one thing at a time. Put your maximum into it. The doors of opportunities will open for you.

Selected as Young Leader 2018 by Group for the contribution in digital innovation in supporting government in fighting Kerala Floods.

RECOGNITION FROM GOOGLE -2020

Special recognition from Google For developing innovative Covid 19 App for Kerala Government.
